

KAELO

THE BEST WINE EXPERIENCE
FOR YOUR HOME

A bottle needs to be in 2 places at once:
within reach, and at the right temperature.

TOP UP, ANYONE?

Kaelo keeps drinks chilled so you can enjoy every sip at the perfect temperature.

Open a cold one, pour yourself a glass, and pop the bottle in your *Kaelo*. That's it!

Kaelo will keep the bottle at its opening temperature, and without any ice or drips... easy.

◆
2 MODELS
KAELO

Kaelo maintains the perfect temperature for any chilled drink, and features touch control lighting to suit any mood.

Designed by Martin Moore

KAELO PLUS

New

Kaelo Plus comes with dynamic lighting and two extra temperature modes.

Red Wine Mode: if you keep your reds at their ideal temperature of 12-18°C, this is for you.

Boost Mode: for when you want a little extra cool, Boost will chill your drink by 3-4°C over half an hour.

Designed by Boudewijn Hosmus, Netherlands

AVAILABLE IN 3 DESIGNS:

CURVED

*Our classic design,
a seamless curve.*

FLUSH

*A more discreet style,
a flat profile embedded
into the worktop.*

UNDERMOUNT

*Fixed to the underside of the
worktop, allowing for a
lid to fully cover Kaelo*

*We call this part
the 'Crown'*

*The rest of Kaelo is hidden
under the surface, it's smaller
than a sheet of A4 paper*

YOUR CROWNING GLORY

The Crown controls everything.
Simply tap to turn on or hold to change mode.

Undermount comes in polished
stainless-steel, while Curved & Flush
designs are available in 5 finishes:

Top right, clockwise:

*Polished stainless-steel,
brushed stainless-steel, brass & gun metal,
and our newest addition...
matt black.*

Designed by Evie Willow Kitchens

*“To bring a little magic
into people’s lives”*

That’s why our founder, Kevin, designed *Kaelo*.

Developed in his mum’s shed in
East London, *Kaelo* is a true story of
turning an idea into a reality.

Hand-built in the Cotswolds, *Kaelo* is
now at the centre of good times with friends
and family around the world, and that’s
worth raising a glass for... cheers!

★
DID YOU KNOW...

It's a myth that red wine is best served at room temperature. If they're chilled ever-so-slightly, the flavours come into focus and the wine is more refreshing to drink. Enjoy!
